

### JUDGE HALL IS VERY INSISTENT

**Demands Power Plant Be Sold For Not Less Than \$85,000.**

### ANOTHER TRIAL ASKED FOR

**ARTHUR BROWN TO BE ARRAIGNED THIS MORNING.**

Judge William C. Hall is insistent that the price for the electrical power plant in the Jordan narrows shall be not less than \$85,000. He gave orders yesterday to Judge Morris Sommer to make another effort to dispose of the property at that figure. The latter has made more than half a dozen attempts to sell the property of the Salt Lake City Water & Electric Power company at public auction for \$60,000, but as it has been unable to find a bidder. On one occasion the judge was offered \$60,000, but it had to be refused, as the court, previous to the attempt at public auction, had fixed the price at \$60,000.

The case was called before Judge Hall yesterday morning, in the probate division of the district court. The report of the referee was filed with the court, and immediately referred to Judge Morris Sommer, with instructions to investigate the same, and, after checking it up, report to the court. A motion was then made by the attorneys for George P. Holman, who is the plaintiff in the case, to fix a upset price. After the matter had been argued at length by both sides, the court said he thought the price he had first set upon the property—\$60,000—was fair and equitable, adding that he would urge the commissioner—Judge Sommer—to make another effort to dispose of the property at that figure.

A motion for a new trial was then entered. The court said it would be impossible to hear it at that time, remarking that he would listen to arguments on Thursday morning, Dec. 7, at 9:30 o'clock.

### GOVERNING BOARD ESCAPES.

**Eliminated From the Art Institute \$300 Prize Contest.**

The controversy of Edwin Evans and J. P. Fairbanks with the Utah Art Institute over the awarding of the \$300 prize for the best picture by a Utah artist exhibited at the first annual exhibition by the association, came up before Judge Thomas D. Lewis yesterday morning in the district court. Matters were somewhat simplified by the judge eliminating the defendants the board of governors of the association.

The case came before the court on demurrer entered by the defendants. Two were entered. One asked that the action be dismissed on the ground that the facts contained in the complaint do not constitute a cause of action. The other was a misjoinder of parties defendant. The first demurrer was overruled by Judge Lewis. Relative to the second, the judge decided to eliminate the board of governors from the action, and entered an order to that effect. The case will come up for regular trial next week.

### District Court Notes.

Andrew J. Long has brought suit for divorce from Mary Alice Long, charging desertion. They were married at San Juan, Ind., in August, 1900.

The case of the State vs. Arthur Brown will be called this morning at 10 o'clock in the criminal division of the district court, Judge Charles W. Morse presiding. It is expected that the defendant will enter a plea to the information which has been filed against him.

### WILL BEGIN WORK TODAY.

All details arranged for the construction of Y. M. C. A. Building.

Today will mark the beginning of actual work upon the new Y. M. C. A. building that is to be constructed in this city on the corner of State and First South streets. All the preliminary details have been arranged, and this morning the work of clearing the site and erecting street enclosures will be commenced. The work will all be done under the direct supervision of S. H. Wood, who has been appointed superintendent for the association. The contract for the mason work has been let to the firm of E. C. & C. K. Kueper. The first work to be done is the removal of the concrete foundations that were constructed for the proposed new city hall building some years ago. As the concrete will have to be destroyed by dynamite, it is expected that the work will require some time and the work upon the new building will necessarily be delayed.

### IDAHO POSTMISTRESS.

(Special to The Herald.) Washington, D. C., Nov. 27.—Miss Mabel Bell has been appointed postmistress at Arco, Blaine county, Idaho, vice Clara J. Long, resigned.

### Would You Think It?

Would you think it possible that you could be disappointed in the face of a woman whose shapely shoulders, and beautiful hair suggest womanly perfection and beauty? Such disappointment comes not seldom when the face turned to you shows disgusting blotches and blemishes. In general, the cause of these eruptions is impure blood. Dr. Pierce's Golden Medical Discovery purifies the blood, and removes the corrupt accumulation which cause disease. When the blood is cleansed, pimples, tetter, salt-rheum, boils, sores, and other results of impure blood, are perfectly and permanently cured.

"For three years I suffered with that dreaded disease eczema," writes Mrs. J. Koepf, of Herndon, Oregon. "I was told to try Dr. Pierce's Golden Medical Discovery, which I did, and after I had taken twelve bottles I was permanently cured. It has been a year since I stopped taking your medicine and I have never experienced a return of the trouble. I think your medicine is a wonderful cure and hope others suffering as I did, will take it as I have, and be relieved of their suffering."

Some of the most remarkable cures effected by "Golden Medical Discovery," have been of scrofulous diseases. "I had been suffering for some time," writes Mrs. J. Koepf, of Herndon, Oregon. "I was told to try Dr. Pierce's Golden Medical Discovery, which I did, and after I had taken twelve bottles I was permanently cured. It has been a year since I stopped taking your medicine and I have never experienced a return of the trouble. I think your medicine is a wonderful cure and hope others suffering as I did, will take it as I have, and be relieved of their suffering."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

Dr. Pierce's Pleasant Pellets cure diseases and sick headache.

### GENERAL BELL MAKES CHARGES

**Tries to Implicate Secretary Haywood in Conspiracy.**

### MILLER HAS BEEN RELEASED

**FEDERAL TROOPS NOT NECESSARY IN COLORADO.**

Denver, Colo., Nov. 27.—Adjutant General Bell said today that documents that are alleged to implicate W. D. Haywood, secretary of the Western Federation of Miners, in a conspiracy against several mines in the Cripple Creek and Telluride districts, were found in possession of one of the union miners arrested by the civil officers at Telluride, and copies of them were mailed yesterday by the sheriff to the state authorities here. Secretary Haywood this afternoon offered to give to the authorities copies of all the letters addressed by him to Telluride union officials or other members of the union. "I will let the public judge if there is anything incriminating in any of them," he said.

### MITCHELL COMING WEST.

**Will Leave Chicago For Colorado Sunday or Monday.**

Trinidad, Colo., Nov. 27.—John P. Ream, member of the national board, United Mine Workers of America, this afternoon received the following telegram from John Mitchell: "Indianapolis, Ind., Nov. 27.—To John P. Ream, Trinidad, Colo.—'Unless prevented by ill health I will leave Chicago Sunday night or Monday morning, arriving in Trinidad Wednesday, Dec. 2. Should I be prevented by sickness, I will let the public judge if there is anything incriminating in any of them,' he said."

### NOT NECESSARY.

**Federal Troops Will Not Be Sent to Colorado.**

Denver, Nov. 27.—Major General John T. Bates, U. S. A., who has been investigating strike conditions under instructions from the war department, arrived in this city today from Telluride and held a conference with Governor Peabody. General Bates said the state troops seemed to have the situation well in hand and he saw no necessity at present for sending United States troops to the mining camps which are disturbed by strikes. General Bates will go to Chicago tomorrow.

### MILLER RELEASED.

**Arrest Appears to Have Been Entirely Unwarranted.**

Telluride, Colo., Nov. 27.—Fourteen union miners, including President Guy Mitchell and Secretary John Miller, were arrested by Sheriff Rutan since the miners arrived in this district. President Miller was seized while talking to the other men imprisoned in the jail. No warrant had been sworn out for him. Former Attorney General Eugene Engley appeared as counsel for the union men who were arraigned today before Judge Lewis for preliminary examination. "In arresting President Miller," said Mr. Engley, "the sheriff has completely overstepped the bounds of his authority. He had no right to arrest him. The sheriff's action in talking through the bars to men imprisoned in this jail constituted a mere performance of duty. The miners have been sworn out, and the sheriff has merely performed his duty in arresting them. The arrest of President Miller was entirely unwarranted. The arrest of the other men was also unwarranted. The arrest of the other men was also unwarranted. The arrest of the other men was also unwarranted."

### BOOKED FOR MURDER.

**Garnett's Story of the Killing of McClung Not Believed.**

San Francisco, N. Nov. 27.—Alexander Garnett, who, on Wednesday night, fatally shot Major J. W. McClung, was booked for murder by the police. He will be brought into court tomorrow, but it is thought his case will be postponed until after the coroner's inquest, the date of which has not been determined. Garnett is reticent regarding the affair, persisting in his statement that the shooting was accidental. Mrs. Lillie H. Coll, in whose apartments at the Palace hotel the tragedy occurred, is seriously ill. She has been suffering from heart weakness for some time, and the excitement attending the shooting has rendered her condition critical. Mrs. McClung is also suffering greatly from the shock. Her daughter, the wife of Lieutenant Frederick Horne, U. S. N., is convalescing from a severe illness and has not yet been told of the affair. Lieutenant Horne arrived here from San Diego today.

### POPE PIUS RECEIVES ENVOY OF COLOMBIA

Rome, Nov. 27.—The pope today received in private audience Senor J. Gutierrez Ponce, the Colombian minister at London, who presented his credentials as special envoy to the Vatican, felicitating the pontiff in the name of his government on his elevation to the pontifical throne. The pope was interested in the particulars furnished him regarding the recent events in Colombia and Panama, and informed Senor Ponce that he had recalled to Rome Monsignor Viva, the apostolic delegate to Colombia, as he would be included in a new movement of papal diplomacy.

### ESCAPED FROM ASYLUM.

St. Paul, Nov. 27.—A special to an afternoon paper says that Peter Elliott, the Minneapolis crank who was arrested in Washington while attempting to force his way into the president's presence, has escaped from the insane asylum at St. Peter, Minn. Elliott was committed to the asylum a month ago.

### ENFORCING THE LAW.

London, Nov. 27.—The North London authorities have adopted a novel method for suppressing the overcrowding of motor cars. Finding that the arrest and fining of conductors was insufficient, they are now resorting to the arrest of passengers, including women, whom the magistrates fine for "aiding and abetting" conductors in contravening the anti-crowding law.

### DISASTROUS FIRE.

Hill City, Kan., Nov. 27.—The greater portion of the south side of this town was destroyed by fire that started at daylight this morning. The damage will exceed \$250,000.

### ODDS AGAINST THEM TOO GREAT

**Colombians Would Like to Fight For Panama.**

### THEIR POSITION HOPELESS

**GENERAL REYES ON A FRUITLESS ERRAND.**

WASHINGTON, Nov. 27.—The state department has advice by cable from Minister Beaupre at Bogota, dated Nov. 25, in which he states that considerable excitement prevails at the Colombian capital, that there is much talk of raising an army, but no troops have yet been enlisted and there are rumors in the city of revolution in the state of Cauca directed against the Marroquin government. Rumors have reached the state department from another source that General Reyes' mission to Washington is primarily to try to arrange opposition of senators against the ratification of the Bannan-Varela-Hay canal treaty.

### Possible Coalition.

There also is talk of the formation of a combination of South American countries, directed against the United States. Respecting the coming of General Reyes to Washington it is said at the state department that much depends upon the nature of his credentials as to the reception he is given. It seems probable that if he is brought to the department by the Colombian charge, Dr. Herran, he will be accorded a respectful hearing. But it is also pointed out that his activities must be confined to lawful channels as an alien, and any attempt on his part to influence by direct representations any other than the executive branch of the United States government would scarcely be viewed with equanimity. Respecting the statements attributed to the general in the New Orleans interview, that Colombia would send 100,000 men into Panama overland, the fact is recalled that the instructions to the United States naval officers on the Isthmus were such that they would not admit to the neighborhood of the isthmus any hostile forces.

### Work For the Marines.

This was understood by the officers in question to mean that hostile Colombian troops would not be allowed to enter Panama at any point, either by water or by land, and so far there has been no change in the instructions given to the naval officers on this point. State department officials are awaiting a report from the United States consul at Cartagena, respecting the refusal of port authorities to allow him to communicate with the British merchant steamer Trent. It is the conviction at the state department that the officials at Cartagena, which is in the province of Bolivar, are acting entirely without authority from the Colombian government at Bogota, and, in fact, it is expected that a state approaching anarchy exists throughout Colombia. While the state department cannot act in the case of its consul until the matter is made the subject of a formal representation, it is believed that the British government will not tolerate such unauthorized interference with its merchant shipping in time of peace.

### HAS BEEN ON QUEER STREET

**Remarkable Case of David Charles of Denver.**

Denver, Colo., Nov. 27.—What is pronounced by physicians a case of double consciousness has been brought to public notice through a suit filed by David Charles against the city of Denver for \$25,000 damages for injuries to his head sustained by falling on a defective sidewalk. After the accident, which occurred on Dec. 20, 1901, Charles proclaimed himself "Daniel The Prophet" and wrote a book entitled "Daniel's Vision and Mission: Is Heaven Real?" He preached on the streets and established a prosperous mission. He also traveled about the country as an evangelist. Charles a few weeks ago, fully recovered from his injury and he then declared that the interval since the accident has been a blank to him. He had no knowledge of having written a book. After reading the book he pronounced its contents idiotic.

### BILL TO ABOLISH SLAVERY.

Washington, Nov. 27.—Representative Patterson of Tennessee introduced a bill today to abolish slavery in the Philippine archipelago and to abrogate the treaty between the United States and the sultan of Sulu.

### EARTHQUAKE SHOCK.

Calico, Ill., Nov. 27.—A severe earthquake shook this town at 3:30 this morning. It continued for several minutes and was quite pronounced.

ROYAL BAKING POWDER CO., NEW YORK.

### THE ONLY WAY DUFFY'S IS SOLD

## Duffy's Pure Malt Whiskey

BEWARE OF FRAUDS!

is sold in sealed bottles only—never in flask or bulk. A fac-simile of the genuine bottle, full size, is printed here so that you may easily recognize it. It is our own patented bottle—round, amber-colored, and with "Duffy's Malt Whiskey Company" blown into the glass. The trade-mark—the Old Chemist's Head—is on the label, and over the cork there is an engraved paper seal. Be certain this seal is not broken.

### BEWARE OF BOGUS GOODS!

Unscrupulous dealers, mindful only of profit and caring nothing for the health of their customers, are offering for sale low-grade, impure whiskey, which they call Duffy's Malt Whiskey.

It is a bogus whiskey and a fraud, intended to deceive the people.

Of course, when a remedy has been before the public so long, and has been prescribed and used by the best doctors and in all the prominent hospitals, and has carried the blessing of health into so many thousands of homes as DUFFY'S PURE MALT WHISKY has, imitations are bound to arise. But they can imitate the bottle and label only—no one can imitate the contents.

### DUFFY'S PURE MALT WHISKY

is a formula worked out fifty years ago by one of the greatest chemists the world has ever known and while it has cured millions of people during the last half century, the secret has never been discovered.

Any firm that will sell imitation goods will sell impure drugs. The firm that is dishonest in one thing would not hesitate to be dishonest in another. Whenever you see imitation goods with the firm's name on, beware of anything and everything put up by that firm. You endanger your own life and the lives of your family and friends by dealing with them.

### "I Prescribe Duffy's Exclusively."

Says Dr. John O. Walker, Surgeon Southern Railway

"I never found an ideal whiskey until I was induced to procure DUFFY'S PURE MALT WHISKY. It fills every requirement as a pleasant, palatable and digestible stimulant. I never think of prescribing any other whiskey. Duffy's is easily borne by the most delicate stomach, and will do more to stay the ravages of incipient tuberculosis (consumption) than any other treatment."

"I have been practicing medicine for fourteen years and know whereof I speak."—JOHN O. WALKER, M. D., Randleman, N. C.
